Wildfire Systems ranks No. 7 on Inc.

5000's list of fastest growing companies

SAN DIEGO — Ink Magazine revealed that San Diego's Wildfire Systems is No. 7 on its third annual Inc. 5000 Regionals: Pacific list, the most prestigious ranking of the fastest-growing Pacific region private companies, based in Alaska, Hawaii, California, Oregon, and Washington. Born of the annual Inc. 5000 franchise, this regional list represents a unique look at the most successful private companies generating sustainable growth and jobs. Wildfire provides an innovative fintech platform that powers white-label reward programs and shopping companions to the financial services and technology sectors.

App store Koji launches new e-book app

SAN DIEGO — Koji, a leading app store for social media, announces the launch of its updated e-book and audiobook capability. Koji now makes it easier than ever to sell and share any e-book, PDF or audiobook from directly inside your link in bio. Koji's e-book app offers powerful sharing features as well as new preview, description and design options in order for sellers to properly showcase books and entice prospective buyers. Customers can view or download their purchase instantly and the apps built-in reader and player allows both ebooks and audiobooks to be read or listened to interchangeably.

Linewize launches Linewize Pulse

to improve student wellbeing

SAN DIEGO — Linewize, a division of Family Zone, a rapidly growing education technology company, announced the launch of [Linewize Pulse](#), a new platform that provides schools with real-time insights on individuals' wellbeing and overall school culture and health. Leveraging 60-second weekly check-ins comprised of a wellbeing question and five experience questions, the platform offers a snapshot into students' mental health and anonymously gathers school trend-level data. Linewize Pulse equips students with a safe and easy way to ask for help, while giving educators a clearer understanding of who needs help the most.
